

Item 1 – Introduction

Vintage Financial Services, LLC (“we”, “us” or “our”) is registered with the U.S. Securities Exchange Commission (“SEC”) as an investment adviser. Investment advisory services and compensation structures differ from that of a registered broker-dealer, and it is important that you understand the differences. Free and simple tools are available to research firms and financial professionals at www.Investor.gov/CRS. The site also provides educational materials about broker-dealers, investment advisers and investing.

Item 2 – Relationships and Services

What investment services and advice can you provide me?

We provide investment advisory services, including discretionary investment management and financial planning services to individuals, trusts and estates (our “retail investors”).

When a retail investor engages us to provide investment management services we shall monitor, on a continuous basis (no less than quarterly), the investments in the accounts over which we have authority as part of our investment management service. Furthermore, we shall have the authority, without prior consultation with you (unless you impose restrictions on our discretionary authority), to buy, sell, trade and allocate the investments within your account(s) consistent with your investment objectives. Our authority over your account(s) shall continue until our engagement is terminated. We also offer financial planning services that may include retirement planning, education funding, insurance review, estate planning and tax planning. We offer investment management and financial planning services as part of our standard investment advisory engagement. Additionally, we offer tax preparation services on a separate fee basis. When we provide financial planning services, we rely upon the information provided by the client for our financial analysis and do not verify any such information while providing this service. We do not limit the scope of our investment advisor services to proprietary products or a limited group or type of investment.

Additional Information: For more detailed information about our *Advisory Business* and the *Types of Clients* we generally service, please see our ADV Part 2A.

Given my financial situation, should I choose an investment advisory service? Why or why not?

How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?

Item 3 – Fees, Costs, Conflicts, and Standard of Conduct

What Fees will I pay?

We provide our investment advisory services on a fee basis. When engaged to provide investment management services, we shall charge a fee calculated as a percentage of your assets under our management (our “AUM Fee”). Our annual AUM Fee is negotiable for large portfolios, but generally ranges from 0.50% to 1.00%. We typically require a minimum asset level of \$500,000 to provide our services and have a minimum annual fee of \$5,000. Clients with less than \$500,000 may pay more than 1.00%. We typically deduct our AUM Fee from one or more of your accounts, in arrears, on a quarterly basis based upon value of the portfolio on the last business day of the previous quarter. Because our AUM Fee is calculated as a percentage of your assets under management, the more assets you have in your advisory account(s), the more you will pay us for our investment management services. Therefore, we have an incentive to encourage you to increase the assets maintained in accounts we manage. Our financial planning services are included in the AUM Fee.

Other Fees and Costs: Your investment assets will be held with a qualified custodian. Custodians generally charge brokerage commissions and/or transaction fees for effecting certain securities transactions. In addition, relative to all mutual fund and fixed income security transaction fees, certain charges will be imposed at the

fund level (e.g. management fees and other fund expenses). You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

Additional Information: For more detailed information about our fees and costs related to our management of your account, please see our ADV Part 2A.

Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

What are your legal obligations to me when acting as my investment adviser?

When we act as your investment adviser we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. As an example, we may recommend a particular custodian to custody your assets, and we may receive support services and/or products from that same custodian, certain of which assist us to better monitor and service your account while a portion may be for the benefit of our firm.

How might your conflicts of interest affect me, and how will you address them?

Additional Information: For more detailed information about our conflicts of interest, please review our ADV Part 2A.

How do your financial professionals make money?

Our financial professionals are compensated primarily by salary along with bonuses based upon the firm's growth and new assets that the investment adviser representatives service. Thus, our advisers are incentivized to increase the amount of assets that we manage. You should discuss your financial professional's compensation directly with your financial professional.

Item 4 – Disciplinary History

Do you or your financial professionals have legal or disciplinary history?

No. We encourage you to visit www.Investor.gov/CRS to research our firm and our financial professionals. Furthermore, we encourage you to ask your financial professional to inquire about us:

As a financial professional, do you have any disciplinary history? If so, for what type of conduct?
